

EXPORT CONTROL POLICY

Through a well structured export control work and continuous improvements comply with all applicable export control laws, regulations and authorisations, world wide.

This will be achieved through:

- the applicable global management system
- utilising ICT support systems
- continuously educating and informing employees about export control
- continuously performing internal audits.

Saab is acting in a field of business which is highly regulated. It is necessary for our ability to continue doing business as a world class company that we strictly conduct our business in accordance with export control laws, regulations and authorisations. We will always, without exception, comply with export control laws and regulations applicable to our business.

Håkan Buskhe
President and CEO, Saab AB

Saab serves the global market with world-leading products, services and solutions within military defence and civil security. Saab has operations and employees on all continents around the world. Through innovative, collaborative and pragmatic thinking, Saab develops, adopts and improves new technology to meet customers' changing needs.
